EXPERIENCE

PESU IO, Bangalore Karnataka — Subject Matter Expert

MARCH 2020 - APRIL 2020

Subject Matter Expert (SME) for the certified course Introduction to Augmented Reality/Virtual Reality. Mentored a class of 40 students over a span of 4 weeks(8 sessions of 2 hours each) with relevant assignments and project. Successfully headed all group discussions and formulated course material.

EDUCATION

PES University, Bangalore Karnataka — CSE B.Tech

AUGUST 2018 - MAY 2022

Ekya School, Bangalore Karnataka — High school

MAY 2016 - MARCH 2018

PROJECTS

Illusion — VR model

Kalpana is a 24 hour Techno-Humanitarian Make-a-thon.

Developed a VR model of a hotel room with the intention of giving a virtual experience of the room before booking it which would increase the customer satisfaction. The VR model was created using Sketch Up and Unity was used to give the virtual experience of the room.

An Analysis on the Stack Overflow Developer Survey

Analyzing a Developer dataset gives us a good idea about the industry, the technologies in demand and how the salaries of Developers differ according to different demographics.

Media Democracy

A physical media sharing service that provides a platform where the site community can share books, and other media such as dvds with content like video games, movies, tv series, etc. The delivery will be made by a third party door to door delivery service.
